

# Guides

## 1st Grove Guides

### Annual Report – May 2026

Guide numbers are thriving as we are now up to full capacity in Rainbows and Brownies. Last summer the Guides enjoyed the usual round of outdoor cooking, a rugby evening and doing the Taco Challenge badge. We finished the term with a trip to Wet n Wild which was very much enjoyed on a lovely sunny day!

From September to December, they worked on the new Code Breaker badge as well as completing the Skills for my future skills builder where they learnt some life hacks, some banking skills and nutrition planning and cooking.

The New Year started with work towards the Food critic badge, the Feel Good and Reflect skills builder badges.

There was a White Horse Vale Division Thinking Day activity at Hanney to celebrate 100 years of Thinking Day, activities on offer were craft, circus skills, line dancing and a Lego workshop.

At the end of March 8 Guides travelled to Bristol for the weekend to take part in the Girlguiding Cityscape adventure being held in Cardiff. Lots of train travel and some replacement bus services to get there but worth it to take part in the Girlguiding organised scavenger hunt around the city and bay in order to gain points. On offer were a climbing wall, activities and information from the fire and police service, STEM and recycling ideas and fun games in the park. An exhausting day in the warmth! On the Sunday we visited the Aquarium and Upside down house.

We ended the term taking part in the traditional egg delivery service around Grove.
